

ALIYAN FAISAL

WEB DEVELOPER

“

As a WordPress Developer, I specialized in creating tailored websites by expertly utilizing WordPress features. I transformed client ideas into functional, visually appealing sites, utilizing my skills in Core WordPress, Page Builder Plugins, PHP, CSS, and JavaScript. Building Fully-Dynamic Websites from, building custom plugins and themes and ensuring seamless navigation and responsive design are in my main Expertise. I enjoy working with WordPress Framework, its a true Love for me.
